

2011 Design Award Winners

The 2011 Design Awards winners were honored February 10, at the Rosen Plaza Hotel in Orlando. These awards are a way to celebrate and recognize the great work done in the pool industry in Florida.

These are not just good looking pools, they are properly built as well. Entries include a summary of goals and accomplishments, a plumbing diagram and a photo of the pool and the equipment. All company and client information is removed from the materials prior to judging and entries are identified only by number.

Industry professionals serve as judges and assess the quality of workmanship and design. Challenges, technical achievements, design and aesthetic value are all taken into consideration.

Congratulations to all of the 2011 Design Awards winners.
